

FOR IMMEDIATE RELEASE

Secure Strategy Group Partners With the Cyber Security Finance Forum

Event to be Held at the British Embassy in Washington, D.C.

(New York, N.Y. – September 26, 2011) We are pleased to announce that Secure Strategy Group will be a supporting partner of the Cyber Security Finance Forum to be held on October 18, 2011, at the British Embassy in Washington, D.C. The Cyber Security Finance Forum is a unique opportunity for dynamic, high growth companies in the cyber security market seeking capital, contemplating an acquisition, a recapitalization or another form of transaction to present their business to investors, institutional asset managers, family offices, investment banks and advisers active in the sector. Qualified investors include venture capital funds, private equity funds, hedge funds and family offices. The forum also includes a panel of industry experts to discuss the M&A and investment landscape and business opportunities.

The Forum is being presented by the Global Security Pipeline, the leading source of real-time news and data on the Global Security sector.
