Funding, Investment Strategies & Developments in Security Technology 2009

Happy New Year! We are looking forward to getting the New Year off to a great start, and hope that this edition of the Security Breakfast will lead the way to a profitable 2009. This one is on the subject of raising funds in the midst of turbulent times.

The Security Breakfast panel will discuss funding and investment strategies for the year ahead. The goal is to help companies and investors meet the challenges of the current economic climate and to achieve their objectives in 2009. Our panel of industry leaders in the public and private sectors will also discuss the latest trends and developments that they are seeing in the field.

We would especially like to thank our sponsors: [Frankfurt Kurnit Klein & Selz PC](#), [Secure Strategy Group](#) and [Fiduciary Trust International](#).

Here's to a happy and healthy 2009 for all of you and your families.
